24 HOUR EMERGENCY SERVICE

June 3, 2004

Marketel,

I would like to take this opportunity to tell you how great your machine is. Since I have purchased and installed my Marketel System my business has tripled, and the system is not even running at full capacity. The system is awesome and keeps my four telemarketers busy. I had to hire another service technician to keep up with my growing business. The system is a breeze to operate and runs with ease. And your toll free help line is one of the best, and you should be very proud of the professional manner in which it is running. The technicians are one of the country's best. And thank you through every step as if they were here along side you. I hope to be adding another system to my business by the end of this year.

Thanks again

Joshua D. Nepa
