

1/02/2006

HomeLoan USA has been using Marketel since 2006. Since that time our sales volume has increased by 37%. MarkeTel has always been helpful and responsive to the needs of our business and the needs of our business and the technical support is second to none.

MarkeTel's equipment was very east to install and operate keeping costs low and increasing the bottom line.

I would recommend MarkeTel to anyone looking to increase the bottom line without a huge investment.

General Manager  
Chris Condon

A handwritten signature in black ink, appearing to read "Chris Condon", written in a cursive style.
