Marketel Dialing Systems
478 Victoria Ave
Regina, SK S4N 0P6 CANADA

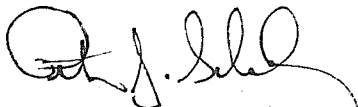

To Whom It May Concern:

I've been using the Marketel Dialing System for 6 years now and couldn't be happier with the results. The market in the Southeast Michigan area (Detroit suburbs) is probably the worst in the country right now and I can honestly tell you that I wouldn't have been able to grow 16% this season without the Marketel Dialer System.

The support has always been prompt, thorough and very professional. Mike McAllister has been very helpful with suggestions and ideas to make my sales program even more productive during the course of the season.

The Marketel Dialing System will greatly increase your sales closing percentage simply by increasing the number of contacts through automation. I'd strongly recommend this system for anyone seriously looking to grow their business. Thank you.

Sincerely yours,

Peter J. Schulz, President
