

I am writing to express our extreme satisfaction with our Marketel Dialer System. We had bought an expensive Touch-Star / Noble System dialer just a year prior to learning about Marketel. Despite the fact that we had just made a large investment in our previous system, we found that the superior equipment, service and support as well as the reasonable pricing of Marketel made it a no-brainer for us to make the switch. We have now been using our Marketel system for several months and are thrilled with every aspect of our experience. They are great to work with and go out of their way to provide top-notch service.

I would strongly recommend Marketel to anyone considering a dialer system. Switching to them has proven to be one of the best decisions we've made this year.

Sincerely,
