To whom it may concern,

We have been utilizing MarkeTel telemarketing systems for over 4 years now and we have been very pleased with the systems and more importantly service. Michael McAllister has helped us from the very beginning set up and trouble-shoot the machines and he is great with customer service. He is always very quick to respond to any issues or problems we run into. He is also great about checking in with us regarding new software products that may help enhance our sales figures. The MarkeTel system, most importantly is simply excellent add speeding up the efficiency of sales and I would recommend it to anyone trying to grow a business.

Thank you
